VARIED SPORT

Baseball Looks Like Booming.

Start of Shooting Season—Odds and Ends About Yachts, Rowing and Horses.

Mr. E. H. Paris, captain of the E. O. Hall & Son nine, received the following communication yesterday:

"We, the undersigned members, do hereby challenge your team to a friendly game of baseball, to take place next Saturday:

"G. Kahoiwal, c.; J. Williams, p.; J. Medeiros, lb.; J. Stone, 2b.; J. Santos, 3b.; J. Bento, ss.; M. Simpson, rf.; J. Fernandez, cf.; G. Medeiros, lf.; substitutes, J. Silva, F. Freitas and H. Honan.

"MAKIKI BASEBALL TEAM.
"J. BENTO, Captain."

There is considerable interest being revived in the national game, and the games that have been played lately by the Hall & Son team and others have been a very fair sample of baseball. There is a movement on foot to have the old baseball field at Makiki fixed up and a backstop put in place so that there may be some place where the lovers of the game will have a chance to play. Since the ground which former leagues have played on, has been cut up by Gear & Lansing for town lots, there has been no place that the boys could play on.

It is rather late in the season to start up a league for this year, but it is hoped that the ground will be immediately put in shape so that it will be ready early for next year's games. Another reason for putting the ground in order is to give some of the boys a chance to meet the "all victorious" Hall's team and see if at least a game or two cannot be wrested from them.

On the coming Saturday Punahou's nine are going to try and get together, and it is hoped that with the new material that they will have that they may give the Hall & Sons team a good rub.

The Makiki team have issued a challenge, but they will have to wait their turn, and there is every probability that they will have a good opportunity to show whether or not they can play ball.

The national game is a good one, and the boys should receive every encouragement from the public.

George Carter last night entertained the Healan senior crew at dinner at his residence in recognition of their efforts and accomplishments during the present season.

W. W. Harris has resigned his office as captain of the Myrtle boat club. Mr. Harris tendered his resignation several months ago, but was persuaded to complete the season, which he has done with honor to himself and club.

Six hunters intend going to Molokai next month on a two weeks' deer hunting expedition. A few "horns" are reported to still be left on the island, notwithstanding the recent wholesale slaughter.

Several hunters were out on Saturday and Sunday. Pheasants are reported to be small and scarce, and few good bags were made. It does not look as if there would be much worth shooting for another month. Monkeys were seen in numbers in several localities.

A movement is on foot among local gunners to form a club for the purpose of indulging in trap shooting with clay pigeons. Quite a number of sportsmen are interesting themselves in the matter. Kapiolani Park is the proposed site.

J. R. Wilson, the Hilo horseman who left for San Francisco on the Rio, says that all his horses will be shipped here for the Thanksgiving Day races. Mr. Wilson will bring back some new blood stock with him.

The Mystery-Manulei race is off. Charlie Bellina and another challenge any other two individuals to a sulky race for \$50. The distance to be a half mile, and one to pull the wagon with the other in it, changing places at will. Deposit \$10 forfeit at the Club Stables, and business will immediately ensue.

It is intended to have racing at the track next Saturday afternoon. A three-minute class and a pony race for ponies under fourteen hands, have already been arranged.

The proposed yacht race, which was to have taken place last Sunday, fell through on account of no arrangements having been made to have a stakeboat at the Pearl Harbor end of the course.

Contrary to expectation, no small yachts were available for that purpose. The race for the Hawaiian challenge cup will probably be sailed next Saturday. The Myrtle may sail with the other competitors for the purpose of trying herself out, and with no view to the trophy. The little boat will receive fifteen minutes time allowance.

The Vi-ke, David Kawianaka's new yacht, is going on the Healan railway. The rudder post has swelled a little and the rudder turns hard. The bottom of the boat will be painted with a green racing compound. Prince David declares himself pleased with his craft's performance, and promises to surprise the yachting community when he fairly gets onto the Vi-ke's curves. It was more of a picnic than a race last Saturday, anyway. Ask Crozier who threw the beer.

The entries for the Healan challenge cup will include the Helene, Bonnie Dundee and Eva.

T. R. Hobron says that both the Dewey and the Eva fairly ran away from the Myrtle in a friendly brush last Sunday.

CURED OF CHRONIC DIARRHOEA AFTER THIRTY YEARS OF SUFFERING.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Halloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hope of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by all dealers and druggists. Benson, Smith & Co., Ltd., general agents, Hawaii Territory.

By the will of Rev. Dr. Holbrook, the California Home Missionary Society will receive a bequest of \$500 toward the proposed endowment fund for meeting costs of administration, the American Board an equal sum, the Church Building Society and the American Missionary Association each \$100.
